

# LICEO GALILEO FERRARIS - QUINTO ENNIO TARANTO (ITALY)

Liceo Galileo Ferraris - Quinto Ennio is a secondary school which prepares you for the future. It is a big school located in two different buildings with 1300 students aged from 13 to 19 and it has 54 classes.

The school offers 4 courses: classical, scientific, applied science and linguistic. The classrooms have computers, interactive whiteboards, smart tvs and different scientific and linguistic laboratories. The subjects taught here are: Italian, Maths, Chemistry, Biology, Earth Science, History, Geography, Latin, Greek, English, Spanish, German, French, Chinese, Physics, Religion, Drawing, History of Art, Physical Education, and a new subject: Civic Education. The school offers various extracurricular courses and activities ranging from sports to maths to language certifications. Furthermore, various trips are organized every year from the school itself, even abroad. Our students from 10th grade onwards have to attend classes or work placement projects for a total of 30 hours per year, to reach the minimum of 90 hours at the end of the 12th grade. Our students are always delighted to meet and speak with other teens from around the world, to discover new cultures and languages, so we look forward to meeting you soon.
